The purpose of this trip is to examine high quality and innovative education and workforce training programs that focus on the economic needs of the region, its employers, and its people. Staff will see innovative programs that meet the skill needs of the region's critical industries, talk with community college leaders, state and local officials, and employers who are involved in developing and carrying out these programs.

Question #12 Role of Sponsor:

Jobs for the Future (JFF) and the Joyce Foundation work together to select sites and topics of interest around which to base site visits and forums, considering Congressional staff interest, the quality of programming, and whether or not these programs have a relationship to workforce development and education policy. The sponsors develop and execute the agenda and arrange logistics for the trip. JFF serves as the point of contact for staff.

Question #13 Mission of Sponsors:

JFF's mission is to advance education, workforce development and poverty alleviation programs and policies that expand opportunities for youth and adults who are living in poverty and disconnected from school and work to attain the education, training, and credentials necessary to find good jobs and family sustaining careers; The Joyce Foundation's mission is to invest in public policies and strategies to advance racial equity and economic mobility. Both sponsors' work is informed by research, analysis, and best practice. The missions of JFF and The Joyce Foundation support the purpose of the trip, highlighting innovative, evidence-based programs and policies that drive economic mobility.

Question #14 History of Sponsor:

JFF has sponsored trips through the Congressional Staff trips and events for over 13 years. Examples of this work includes the following: held numerous DC-based local forums and conducted multiple site visits where senior congressional staff see high quality workforce programs first-hand and learn from experts and practitioners on the ground about the impact of federal policy in their fields. Visits have included programs in: Charlotte, NC; Bridgeport, CT; Cincinnati, OH; Madison, WI; Philadelphia, PA; Detroit, MI; Wichita, KS; Nashville, TN; Seattle, WA; Eastern KY; Fredericksburg, VA; Detroit, MI (again); Memphis, TN; Denver, CO, as well as virtual "visits" to San Diego, CA, and Texas. The purpose of these trips (and the Network) is to provide in-depth learning opportunities for staff on workforce, education, and economic security issues. The Joyce Foundation joined JFF as a sponsor in 2018, playing a substantive role in the planning and development of the Congressional Staff Network site visits to Detroit, MI; Memphis, TN; Denver, CO; San Diego, CA (virtual); Texas (virtual); and now the Shenandoah Valley region of Virginia.

Question #15 Other Educational Activities of Sponsor:

JFF works with partners around the country to design and drive the adoption of education and career pathways leading to college, career readiness and career advancements for those struggling to succeed

in today's economy. JFF improves pathways from high school to college to family-sustaining careers through relevant technical assistance, research, reports, briefs, and blogs, and by hosting events, including national conferences. The Joyce Foundation supports policy research, development and advocacy – identifying innovative solutions and investing in their success. Through this work, The Joyce Foundation funds organizations that focus on education and economic mobility, convenes coalitions focused on a specific education or workforce strategy and promotes findings through distribution of materials (i.e., policy briefs or reports).

Question #16 Good Faith Estimates for Senate Travel and Meal Expenses:

Transportation: On the ground transportation, via chartered coach class bus service for travel to Harrisonburg, time in the Shenandoah Valley of Virginia and travel back to D.C = \$75.00 per person. Totally transportation expenses = \$75.00 per person.

Lodging: Lodging at the Hotel Madison for one night = \$96.00 per person (\$96.00 per night in line with per diem)

Meals: Meals for one day and one day of travel = \$92.00 per person (in line with per diem)

Question #18 Reason for Selecting Location

The sponsors selected the Shenandoah Valley region of Virginia for this site visit because of its innovative workforce development and education efforts, specifically the way the workforce, economic development, social welfare, and postsecondary systems are collaborating to meet the unique needs of a rural area. These efforts are rooted in a deep understanding of why labor market participation rates have dropped in recent decades. The region's leaders are striving to address barriers to education and employment by partnering with community-based organizations to provide critical support services that are tailored to community needs. The visit will also highlight cross-sector partnerships that engage employers in efforts to promote skill development and economic uplift. These models for career-connected learning, sector-based skill development and holistic systems alignment will shed light on K-12, postsecondary, workforce development, and welfare policy.

CONGRESSIONAL STAFF NETWORK

FOR ECONOMIC ADVANCEMENT

Dear Brittany,

The JFF team is inviting you to participate in an in-person, two-day site visit to the Shenandoah Valley region of Virginia on Tuesday April 19, 2022 – Wednesday April 20, 2022. This visit will present high quality educational opportunities for staff as well as beautiful views and networking time together.

During this visit staff will hear from Blue Ridge Community College, the Shenandoah Valley Workforce Development Board, the Shenandoah Partnership (economic development entity), and regional employers who will discuss how they are meeting today's and tomorrow's talent needs and the unique economic needs of a rural region. Question #2 Description of the trip:

The Congressional Staff Network for Economic Advancement brings together a bicameral, bipartisan group of senior Congressional staff to focus on policy issues at the core of economic mobility: K-12 education, postsecondary education, workforce development, and poverty alleviation. The purpose of this trip is to examine high quality and innovative education and workforce training programs that focus on the economic needs of the region, its employers, and its people. Staff will see innovative programs that meet the skill needs of the region's critical industries, talk with community college leaders, state and local officials, and employers who are involved in developing and carrying out these programs.

Question #12 Role of Sponsors:

Jobs for the Future (JFF) and the Joyce Foundation work together to select sites and topics of interest around which to base site visits and forums, considering Congressional staff interest, the quality of programming, and whether or not these programs have a relationship to workforce development and education policy. The sponsors develop and execute the agenda and arrange logistics for the trip. JFF serves as the point of contact for staff.

Question #13 Mission of Sponsors:

JFF's mission is to advance education, workforce development and poverty alleviation programs and policies that expand opportunities for youth and adults who are living in poverty and disconnected from school and work to attain the education, training, and credentials necessary to find good jobs and family sustaining careers; The Joyce Foundation's mission is to invest in public policies and strategies to advance racial equity and economic mobility. Both sponsors' work is informed by research, analysis, and best practice. The missions of JFF and The Joyce Foundation support the purpose of the trip, highlighting innovative, evidence-based programs and policies that drive economic mobility.

Question #14 History of Sponsors:

JFF has sponsored trips and events for Congressional staff for over 13 years. Examples of this work includes the following: held numerous DC-based local forums and conducted multiple site visits where senior congressional staff see high quality workforce programs first-hand and learn from experts and practitioners on the ground about the impact of federal policy in their fields. Visits have included programs in: Charlotte, NC; Bridgeport, CT; Cincinnati, OH; Madison, WI; Philadelphia, PA; Detroit, MI, Wichita, KS, Nashville, TN, Seattle, WA, Eastern KY, Fredericksburg, VA, Detroit, MI (again), Memphis, TN, Denver, CO, as well as virtual "visits" to San Diego, CA, and Texas. The purpose of these trips (and the Network) is to provide in-depth learning opportunities for staff on workforce, education, and economic security issues. The Joyce Foundation joined JFF as a sponsor in 2018, playing a substantive role in the planning and development of the Congressional Staff Network site visits to Detroit, MI; Memphis, TN; Denver, CO; San Diego, CA (virtual); Texas (virtual); and now the Shenandoah Valley region of Virginia.

Question #15 Other Educational Activities of Sponsors:

JFF works with partners around the country to design and drive the adoption of education and career pathways leading to college, career readiness and career advancements for those struggling to succeed in today's economy. JFF improves pathways from high school to college to family-sustaining careers through relevant technical assistance, research, reports,

briefs, and blogs, and by hosting events, including national conferences. The Joyce Foundation supports policy research, development, and advocacy – identifying innovative solutions and investing in their success. By funding and convening organizations and partners that focus on issues related to education and economic mobility, the Foundation supports innovative work in these areas. The Foundation also invests in the sharing of lessons learned from these efforts, translating work on the ground to program and policy solutions. The Joyce Foundation is a substantial partner with JFF in the planning of educational activities as part of the Congressional Staff Network, including this site visit.

Question #16 Good Faith Estimates for Senate Travel and Meal Expenses:

Transportation: On the ground transportation, via chartered coach class bus service for travel to Harrisonburg, time in the Shenandoah Valley of Virginia and travel back to D.C = **\$75.00 per person.**

Lodging: Lodging at the Hotel Madison for one night = **\$96.00 per person** (\$96.00 per night in line with per diem)

Meals: Meals for one day and one day of travel = **\$92.00 per person** (in line with per diem)

Question #18 Reason for Selecting Location:

The sponsors selected the Shenandoah Valley region of Virginia for this site visit because of its innovative workforce development and education efforts, specifically the way the workforce, economic development, social welfare, and postsecondary systems are collaborating to meet the unique needs of a rural area. These efforts are rooted in a deep understanding of why labor market participation rates have dropped in recent decades. The region's leaders are striving to address barriers to education and employment by partnering with community-based organizations to provide critical support services that are tailored to community needs. The visit will also highlight cross-sector partnerships that engage employers in efforts to promote skill development and economic uplift. These models for career- connected learning, sector-based skill development and holistic systems alignment will shed light on K- 12, postsecondary, workforce development, and welfare policy

Dear Brittany,

The JFF team is inviting you to participate in an in-person, two-day site visit to the Shenandoah Valley region of Virginia on Tuesday April 19, 2022 – Wednesday April 20, 2022. This visit will present high quality educational opportunities for staff as well as beautiful views and networking time together.

During this visit staff will hear from Blue Ridge Community College, the Shenandoah Valley Workforce Development Board, the Shenandoah Partnership (economic development entity), and regional employers who will discuss how they are meeting today's and tomorrow's talent needs and the unique economic needs of a rural region. Blue Ridge leaders will talk about how they are implementing state workforce programs including FastForward and G3 – aligning postsecondary options to in-demand careers. The Shenandoah Valley Workforce Board will discuss how they are expanding apprenticeships for opportunity youth, and we will hear from economic development and business leaders about how they are developing and sustaining robust partnerships with the education and workforce systems. Additionally, we will delve into the issue of labor market participation, examining why workers are leaving their jobs and how the region is addressing this challenge through comprehensive supports designed to eliminate barriers related to childcare, addiction, and transportation.

The JFF team is getting excited for the visit and the rich discussions that will take place. ***Please respond by Friday, February 25th stating your plans for participation.*** Once your attendance is confirmed our team will share final information for the trip, including an agenda and the necessary Ethics documentation. Thank you and we hope you can join us!
